# **CVA Conversation Club for Teens!**

**For Teens 12-17 years old**

**LEVEL: ADVANCED**

The **CVA Conversation Club for Teens** is the perfect choice if you need to practice your English language conversational skills upon completion of all levels or modules of the **CVA English as a Foreign Language Program for Teens** .

It is not a regular "conversation course", but an *informal get-together* where participants are encouraged to *talk* amongst peers, about a wide variety of interesting topics, news, current events, everyday situations, likes, dislikes, hobbies, daily routine, incidents, events, favourites, etc...

Focus is on **Advanced** levels of the **CVA Teens' Program** so participants will be required to take a **Placement Test** before registration. Non-CVA students with an Advanced English level can also apply. Each session of the **CVA Conversation Club for Teens** is 7-weeks long. Club meetings are held one day per week (2 academic hours = 90 minutes each day)
